

ALISON STRUTT-PONTIÈS
Principal Consultant
Compliance Services International – Europe

SUMMARY OF EXPERIENCE

PROFESSIONAL EXPERIENCE

Alison Strutt-Pontiès is an experienced toxicologist and regulatory manager with a strong background in plant protection products. She has extensive expertise in the preparation and defence of toxicological dossiers and risk assessments. A former member of the German Agricultural Industry Association (IVA) Toxicology Working Group, Alison regularly liaises with relevant government authorities. As a Regulatory Affairs Manager, Alison has designed and implemented global development programmes and regulatory strategies. She has followed an EU List 1 existing substance from dossier preparation through to Annex 1 inclusion to Directive 91/414/EEC. This has provided her with an in-depth knowledge of EU regulatory processes for plant protection products. She also has experience of post Annex I regulatory actions including national re-registration processes, and management of data protection. Alison is fluent in French and German.

CREDENTIALS

BSc. (Distinction) 1989, Napier University of Edinburgh – Science with Industrial Studies.

PROFESSIONAL AFFILIATIONS/APPOINTMENTS

European Registered Toxicologist.
Member of the British Toxicology Society.

PROJECT EXPERIENCE

Toxicology

- Project toxicologist for new and existing plant protection substances.
